

# ListenUP™

As you know, Great Plains Ag Credit believes strongly in an open door policy. However, there are times that any one of us would prefer to report something without being identified.

Great Plains Ag Credit subscribes to an independent service called Listen Up. Use it to safely report violations of our values, or any wrongdoing that you know of. Use it also to seek clarification on ethical dilemmas.

When you contact Listen Up via phone or Web site, you will be provided a private case number that you can use to anonymously dialogue with our management. You will be treated with the utmost respect, and Submitter Advocates™ will ensure that you stay safe and anonymous.

**Listen Up is ready to hear you.**

**Anytime.**  
**Anonymous.**
